Hidvegi Completes Ullmann Award

Bela Hidvegi of Budapest, Hungary achieved the Fourth Echelon of "The Ullmann Award for European Big Game Trophy Animals." To achieve this highest possible level in this award, Bela had to hunt in 17 European countries and collect over a period of over 25 years, a total of 32 species of European big game animals. Bela Hidvegi, right, received the Award from its Chairman, Norbert Ullmann, at a ceremony organized by the SCI Central Hungarian Chapter.

SCI Honored In Mallorca

SCI, through its Catalunya Chapter, Records Committee and Norbert Ullmann, Regional Representative, Europe, have approved the status of the "Balearian Boc" (Balearian Goat) as the only big game hunting species on the Balearian Islands, Spain. On a recent visit, Norbert Ullmann met with authorities of the Balearian Islands Government. Norbert, at right, received a plaque for his endorsement of all activities related to the Balearian Boc from Dr. Vicenc Vidal Matas, Director General of Biodiversity of the Balearian islands Government, at left.

SCI Lusitania Chapter Starts In Portugal

SCI has its first Chapter in Portugal. The SCI Lusitania Chapter had its founding meeting in Lisbon, capital of Portugal, with a large attendance of Portuguese hunters who joined SCI. During the meeting special guests included SCI Honorary International Directors Nicolás Franco and José Madrazo spoke, as did SCI Regional Representative Europe Norbert Ullmann. They thanked Fernando Jordao for his dedication. Among attendees are, front row, fourth from right; Fernando Jordao; and back row, sixthth from right, Norbert Ullmann.
