Bohemia Chapter AGM

The Bohemia Chapter in the Czech Republic started its activities with their first AGM. Many Chapter members were present for the elections of the Board and the discussion on the planned activities for this year.

Chapter President Prof. Dr. Miloslav

Vach explained the details of the upcoming World Hunting Expo to be held in the town of Brno.

Regional Representative Europe Norbert Ullmann outlined the goals of SCI and what SCI expects from an active Chapter.

Measuring Course In Bohemia

The newly chartered Bohemia Chapter organized a measuring course in the town of Uhlirské Janovice. A total of nine members attended and passed the course and tests.

Norbert Ullmann, Measuring

Course Instructor for SCI Official Measurers was very pleased with the attendance and the interest shown. He thanked the Chapter and its President, Prof. Dr. Miloslav Vach, for organizing the event.

BY NORBERT ULLMANN
Chair SCI IADC

The Anatolian Hunting Awards ceremony was held mid June in Istanbul, the financial and commercial capital of Turkey.

Attending the ceremony and

addressing the nearly 150 attendees was Norbert Ullmann, Chair of the SCI International Affairs & Development Committee.

The opportunity was used to greet old acquaintances and establish new links between the Turkish hunting community and SCI.

Shown on the picture are, right, Prof. Dr. Juergen Vocke, President of the Bavarian Hunters Federation; and Ullmann.

Meeting At Bavarian Hunters Federation

The President of the SCI Bavaria Chapter Norbert Ullmann, met with the "top brass" of the Bavarian Hunters Federation, of which the Chapter is a full associated member, to discuss topics of interest to both associations. Present for the Bavarian Hunters Federation were its President Prof. Dr. Juergen Vocke, Executive Director Dr. Joachim Reddemann and Public Relations Officer Thomas Schreder. The topics were: joint efforts at

European political level; the "Jagen und Fischen 2011" Show, regional hunting topics and most important, and the request by the Bavarian Hunters Federation to the SCI Bavaria Chapter to coordinate a "Technical Working Group International Hunting" inside the Bavarian Hunters Federation. Ullmann accepted this task on behalf of the SCI Bavaria Chapter which will give SCI the largest exposure ever inside Bavaria.
