Bavaria Visits Liechtenstein

The Summer meeting of the SCI Bavaria Chapter was held in the Alpine mountains of Liechtenstein. Organized by Kurt Jaeger, SCI Life Member # 59 and Founding Member of the SCI Bavaria Chapter, a large group of SCI members met to enjoy a day of mountaineering, paired with various test-stations to answer questions on plants, animals, hunting trophies and finally a shooting competition. Shown are, from left: Doris Dangel, Third Place; Norbert Ullmann, Bavaria Chapter President; Dr. Manfred Spall, King of the Bavaria Chapter Summerfest 2011; and, Second Place Bernhard Schmelzing.
