Balearean Big Game Commission

After two years, the Government of the Balearean Islands re-established a Big Game Commission that will deal with all political, technical and scientific issues that affect the big game hunting on the island of Mallorca. Shown after the founding meeting are the Commission's members. Front row, from left: Dr. Bartomeu Seguí, Head of Hunting of the Government of Mallorca; Pedro Bestard, Director of Programmes of the Government of Mallorca; Norbert Ullmann, Commission Member and SCI Reg Rep Europe; and Juan Escalas, Director for Hunting of the Government of Mallorca.

Hungary - Measurers Course

At the University of West Hungary, located in the town of Sopron, the SCI Central Hungarian Chapter organized an Official Measurer Course. Organizing and presenting the course were Norbert Ullmann (kneeling left), SCI Measurer Instructor, with the help of Zoltan Boros (standing third from left) and SCI International Director Dr. Zsolt Koehalmi (standing right). The Chapter organized a measuring event where all new measurers can test their newly acquired skills.
