

Wildlife Congress In Romania

The Romanian "Universitatea Transilvania" in the city of Brasov, Faculty of Forestry Sciences and Usage, organized the "International Symposium Forest and Sustainable Development" mid-October. SCI Regional Representative Europe, Norbert Ullmann, center, was asked to present at the workshop "Importance of Wildlife Management" about the "Economic Values of Hunting." Shown in the photo taken inside the Aula Magna of the University are SCI Life Member Constantin Jeican, left, CEO of BT Wildlife Ranch, and Ovidiu Bargau, President of Orforest, who coordinated SCI's presence at the Congress.

Hinsch Foundation Denmark

During a recent trip through Denmark and Sweden, Norbert Ullmann, center, Regional Representative Europe, was invited to visit the big game collection, amongst many other exhibition materials and collections, of the "Borge Hinsch Foundation" at Valdemars Slot in Denmark. The exhibit includes, amongst others, more than 300 different species of big game animals, hunted all over the world by different Danish big game hunters and collectors.

Jen Kvaer Knudsen, President of the SCI Nordic Safari Club Chapter, left, was in attendance as well. Hosting the visitors was the Chairman of the Foundation, and SCI Life Member, Richard Sands, right. For further details of the exhibits visit: www.borgehinschfonden.dk.

Measurer Course In Sweden

To make better use of a mid-October visit with the SCI Royal Swedish Chapter, Regional Representative Europe, Norbert Ullmann, left, taught an Official Measurer Course in Forsnäs, Central Sweden. He thanked the participants for their interest in the SCI trophies scoring system. Special thanks were given to the Royal Swedish Chapter President, Anders Engström, right, who not only organized the weekend full of activities, but also allowed for the course to take place inside his trophy room, which was of great help when explaining the different measuring methods.

Measurer Course In Svendborg

A second SCI Official Measurer course was taught by Measuring Instructor Norbert Ullmann, standing eighth from right, while traveling to Denmark. This course was held at the Headquarters of DIANA Hunting Tours in Svendborg. Fifteen new SCI Official Measurers were approved that day. Norbert thanked the President of the SCI Nordic Safari Club Chapter, Jens Kvaer Knudsen, standing fifth from right, for his help in organizing and coordinating the course.

Measurer Course In Veerst

Measuring Course Instructor Norbert Ullmann, standing right, travelled to Denmark to teach an Official Measurer course in the Danish town of Veerst at the premises of the taxidermy studio Trophy Art. Eighteen new SCI Official Measurers were approved that day. Norbert thanked the Executive Vice-President of the SCI Nordic Safari Club Chapter, Dan Saugstrup, standing seventh from right, for his help in organizing and coordinating the course.
